

WATER WORKS VALVES

PROUDLY SOUTH AFRICAN MANUFACTURERS

Who we are?

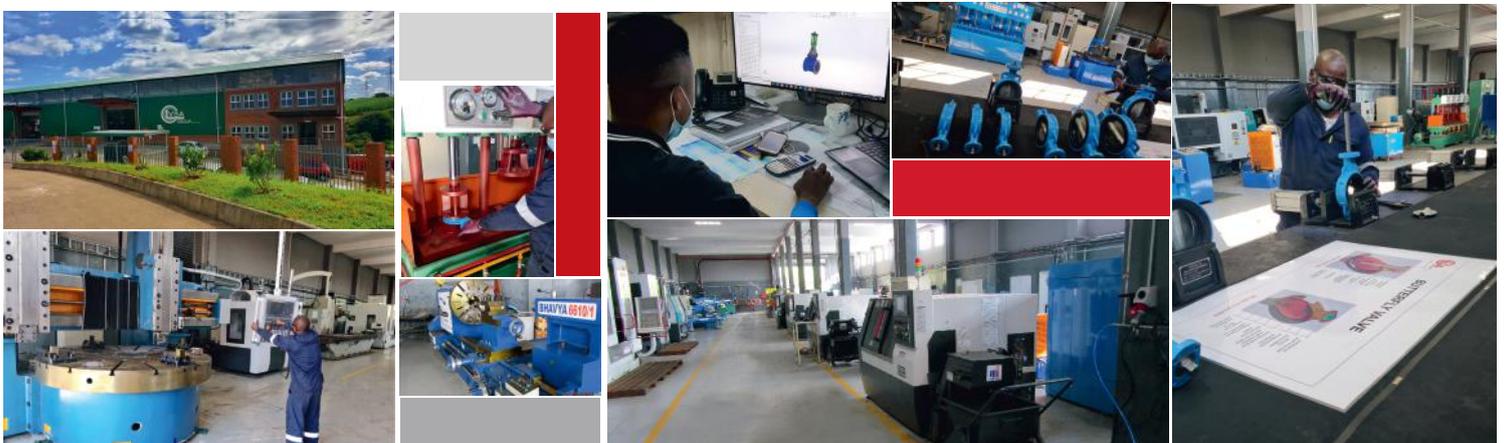

LVSA Groups aim & ambition is to become South Africa's leading valve manufacturer, serving the local and African Market in alignment with National and International standards and specifications. We will endeavour and strive to manufacture the most effective products for the water industry. Our company is committed to excellence and quality as we have the infrastructure, equipment, capability and ability with experience to deliver high quality products and service to our clients.

Our goal is to Design, Manufacture and market quality products at competitive prices without compromising standards and quality. LVSA's stance is to ensure that our clients standards, specifications, desire and satisfaction is always put first.

LVSA Group is a 100% local manufacturer of various valves for the water industry (Portable & waste water). Range of valves that we manufacture are metal seated wedge gate valves, resilient seated gate valves, concentric wafer type butterfly valves, metal seated double eccentric butterfly valves, check valves, sleeve valves and Air release valves.

We are an ISO 9001:2015 certified company to design, develop, manufacture and supply industrial valves.

Our Foundry delivers tailor-made solutions for our products and our manufacturing facility covers a profound area of 24000m² land and 12000m² under roof with our distribution and repair centres in Durban, Johannesburg, Cape Town and Mozambique, giving our clients the best service and delivery nationwide.

METAL SEATED WEDGE GATE VALVE

Manufactured in Accordance to SANS 664 - 665 and international standards.

Size	DN 50 - DN 1800
Pressure class	PN10, PN16, PN25, PN40
Material of construction	Ductile iron, Cast steel

RESILIENT SEATED GATE VALVE

Manufactured in Accordance to SANS 664 - 665 and international standards.

Size	DN 50 - DN 1000
Pressure class	PN16 & PN25
Material of construction	Ductile iron, Cast steel

BUTTERFLY VALVE ECCENTRIC/DOUBLE ECCENTRIC

Size	DN 100 to DN 1800
Pressure class	PN 16, PN 25, PN 40
Material of construction	Cast steel, Stainless steel, SGI

CONCENTRIC BUTTERFLY VALVE Wafer, Lugged and Flanged

Size	DN 50 to DN 1200
Pressure class	PN 16, PN 25
Material of construction	Ductile iron, Cast steel, 316 stainless steel
Seal	Nitrile, EPDM & Viton

**SWING CHECK VALVE
COUNTER WEIGHT CHECK VALVE
TILTING DISK CHECK VALVE**

Size	DN 50 - DN 500
Pressure class	PN 16 & PN 25
Material of construction	Cast steel, Stainless steel

SLEEVE VALVE

Size	DN 100 - DN 1800
Pressure class	PN 6 to PN 40
Material of construction	Stainless steel 304 and 316 Sleeves & other dynamic member: Stainless steel

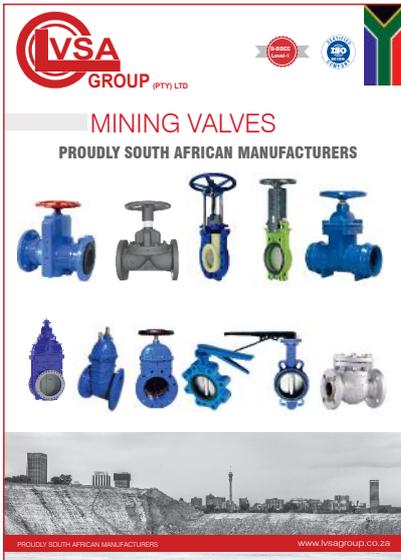

PRESSURE REDUCING VALVE

Size	DN 50 to DN 600 (Flanged) & DN 8 to DN 100 (Screwed/threaded)
Pressure class	PN 10 to PN 25
Material of construction	Cast steel

AIR RELEASE VALVE

Size	DN 25 - DN 200
Pressure class	PN 16, PN 25 & PN 40
Material of construction	Stainless steel
